Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Treatise on Plane Co-Ordinate Geometry as Applied to the Straight Line and the Conic Sections: With Numerous Examples I have endeavoured in the following Treatise to exhibit the subject in a simple manner for the benefit of beginners, and at the same time to include in one volume all that students usually require. In addition, therefore, to the propositions which have always appeared in such treatises, I have introduced the methods of abridged notation, which are of more recent origin; these methods which are of a less elementary character than the rest of the work, are placed in separate chapters, and may be omitted by the student at first. The examples at the end of each chapter, will, it is hoped, furnish sufficient exercise on the principles of the subject, as they have been carefully selected with the view of illustrating the most important points, and have been tested by repeated experience with pupils. At the end of the volume will be found the results of the examples, together with hints for the...
