CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Dimensions: 10.0in. x 8.0in. x 0.1in. This book has been illustrated for kids, BY KIDS in a way that genuinely enhances author SF Hochmans words. The story: tired of being last, the feisty letter Z visits Dr. Letterburger, hoping he can somehow move up in the alphabet. Dr. Letterburger listens patiently then gently guides Z on an enlightening journey to self-discovery. Its a wonderful introduction for children to increase self-awareness and understand their unique value. The story also provides a fun reminder for adults to be comfortable with who they are and what they bring to others. About the amaZing illustrations: the author took the unillustrated earlier version of this book on a 2-month mini tour to elementary schools in New Jersey. Encouraged by very positive feedback from more than 2, 500 students and teachers and enriched by more than 250 illustration submissions, Hochman assembled this colorful sequel. Well, since the story has stayed the same, its not so much a sequel as a sequillustration. The addition of 15 adorable renderings from imaginative young illuZtrators brings the story new insight and joy. After reading the book youll surely understand why the author is calling it a Zequillustration! This book is also being produced digitally as an interactive book with audio and a quiz. The interactive quiz has been field tested at multiple schools and if youre an educator, you will be amaZed at how the quiZ engages the students! Check the Amazon app store for the pre-illustrated version of this amaZing app. For more about the amaZing Z and other interesting ideas and projects, visit www.doandyouwilllearn.com This item ships from La Vergne, TN.
